

Suma Tullos

MANAGER

Suma Tullos is a Manager in Bennett Thrasher's Outsourced Accounting practice. She specializes in the onboarding process for new clients as well as the review and assistance of existing clients in process improvement. Her industry experience includes healthcare, hospitality, non-profit and family business office. She is skilled in assessing a client's current accounting system and business

functions and making recommendations for improvements in various aspects of the company's financial operations.

Suma's experience centers on structuring accounting systems and processes for new business startups as well as streamlining and restructuring existing accounts. Her skills lie in creating month-end close processes, ensuring timely and accurate financial reporting and overseeing transitions to dedicated monthly accounting teams.

Her years of leadership experience in public business accounting, allows her to recognize and recommend best practices for accounting systems and records. She is adept at the communication and interaction necessary to seamlessly modify or adopt new systems that are often intricately interwoven with and important to a client's success. She is certified in several cloud-based platforms and works to assess each client's specific needs and tailoring services to match the business needs and goals.
